**Subject:** Recreational Fishing Symposium Report

Thank you for participating in the  
**2013 Southern New England  
Recreational Fishing Symposium**

We have set up a [web page](#) that contains the documents and reports from that day,  
and you can view them [HERE](#).

There is much more to do. In the near future we will begin forming committees and  
planning for future symposiums to address specific issues. We plan to partner with many of  
you as we move forward.

Thank you again for taking part in the Recreational Fishing Symposium.

Steve
